

## Problem 1 - Pricing Cards

Create a Web page (HTML5 + CSS3 + images) that looks and behaves like the screenshots below:

\* The mouse cursors in the above screenshots explain what happens when the mouse moves over a project or a group and when the browser window resizes.

## Input

You are given the above screenshots + all required images + the texts on the site.

## Output

The output should be valid HTML5 + CSS3 + images that implement the above Web page.

## Constraints

- Use google font **Open Sans** - @import url('https://fonts.googleapis.com/css?family=OpenSans:400,900') (size: 22px for the card titles, 16px for the main body, 14px for the card description, 16px for the card button).
- Font: 16px Open Sans, sans-serif for the main text.
- The site should open correctly in the latest version of Chrome.
- Pixel-perfect implementation is not required.
